High-quality color for any application.
Enhance productivity for color and black & white.

Based on an award-winning design, the fast and versatile SAVIN® C2828/C3333 give your organization an easy, affordable way to bring the power of color to business-critical documents. Both deliver high-quality color for vivid results in a wide range of applications and provide fast, precise black & white output.

Find the features and functions you need in seconds with the large, easy-to-navigate, full-color W-VGA Control Panel with Simplified Display and animated user guidance.

They can be configured with tools to optimize workflow, from scanning and faxing to finishing and color management. That means the Savin C2828/C3333 offer an ideal way to make a significant impact on productivity, reduce outsourcing and add convenient multifunctional capabilities to any office.

www.savinc.com
Superior Speed for Your Workflow

Depend on these go-to systems for exceptional speed and efficiency in any environment, as well as capabilities that reduce turnaround time.

- Complete presentations, spreadsheets and other jobs quickly with output speeds of 28 or 33 pages-per-minute for both full-color and black & white documents.
- Get the documents you need faster. The C2828/C3333 deliver the first color copy in just 8.0 seconds or 5.0 seconds for black & white. They also have short warm-up and recovery times from Off/Sleep mode.
- Process large color files and other complex print jobs in record time with a powerful 600 MHz controller, 1 GB RAM and a standard 80 GB Hard Disk Drive.
- Support site-specific networking requirements using a variety of standard and optional interfaces. Both systems are also compatible with many operating environments, including UNIX, AS/400, Macintosh and Windows Vista.

Standout Color Quality

Whether you only need occasional color for critical documents or a color device that can handle heavier workloads, the Savin C2828/C3333 use patented PxP™ Toner and a powerful print engine to ensure amazing results on every page.

- Generate bold, high-quality color documents with resolutions up to 1200 x 1200 dpi.
- Reduce the need for expensive outsourcing by enabling your team to get creative and produce more full-color documents in-house.
- Create the right image for your organization. Professional color documents help you gain attention, persuade customers and make key messages more memorable.

Flexible Paper Handling

With extensive options for paper handling and finishing, the versatile C2828/C3333 can produce an incredibly wide range of documents.

- Print on a variety of sizes and stocks to produce three-hole-punched reports, oversized postcards, spreadsheets, presentations, and more. Both systems support output up to 12" x 18" (through the Bypass Tray) and accept heavy stocks (up to 140 lb. Index).
- Eliminate manual collation and stapling using the optional 500-Sheet Finisher or 1,000-Sheet Finisher with conventional stapling, or the 1,000-Sheet Booklet Finisher with saddle-stitching and optional hole-punching.
- Run long jobs without interruption with a standard paper capacity of 1,200 sheets.
- Increase paper capacity with a 1 x 550-Sheet or 2 x 550-Sheet Paper Bank, or the 2,000-Sheet Tandem Large Capacity Tray (LCT). You can also add the 1,200-Sheet Side LCT for a maximum paper capacity of 4,400 sheets.

Ease Of Use

Changing toner is so easy, it can be done with one hand.

Professional Finishing

With fast color output and professional finishing, you can eliminate manual collation and stapling, and minimize the need for outsourcing.
Advanced Document Management
The Savin C2828/C3333 include advanced scanning, faxing and other capabilities that have become essential elements of daily document workflow.

- Send documents to any destination quickly and easily. **Scan-to** functions include **Scan-to-Email** for rapid delivery, **Scan-to-Folder** for automated archiving, **Scan-to-Media (USB/SD)** for instant document portability and **Scan-to-URL** to minimize network traffic.
- Send and receive fax documents electronically with **Internet (T.37) faxing**, use **LAN faxing** to transmit faxes directly from a PC without leaving your desk, or distribute documents quickly with **IP (T.38) and conventional Super G3 faxing**.
- Minimize errors and ensure faxes reach their intended recipients. Both systems detect blank pages and enable users to double-check fax destinations before transmission.
- Print a PDF or JPEG attachment by simply sending an e-mail to the system using the innovative **Mail-to-Print** feature.
- Get incoming faxes no matter where you are by redirecting incoming faxes to an e-mail address or network folder. This also eliminates lost hard copy faxes.
- Minimize file size, reduce network traffic and maintain exceptional image quality for scanned color documents with the standard **High Compression PDF** feature.

Advanced Color Control
Maintain precise, professional control over color management with the optional **EFI Fiery™ Controller**.

- Leverage all the full-color capabilities of these systems’ print engines, including graphics-intensive applications and accurate spot color.
- Adjust color output to suit a variety of application-specific needs with intelligent color management. Get the results you expect whether you are printing RGB, CMYK or even PANTONE® colors.
- Use this high-end controller for additional full-color firepower to print complex color documents efficiently and accurately, time after time.

End-To-End Solutions
Adding the C2828/C3333 to your office means you gain access to a broad portfolio of seamlessly integrated software solutions from Savin and a long list of partners.

- Incorporate proven Savin solutions for document capture and distribution, storage and management, variable data printing, assessment and cost recovery, device management and print security. These offerings are designed to work with Savin MFPs, transforming them into true document portals.
- Leverage the smartest, most effective workflow tools and streamline every aspect of your organization with Savin. We partner with industry-leading technology innovators to make sure our MFPs can serve as on-ramps to an extensive selection of applications for content management and other business-critical activities.
- Develop customized applications for the C2828/C3333 using **Embedded Software Architecture™**, a Java-compatible Software Development Kit (SDK).

Scan To Removable Media
Scan files directly to removable media, such as an SD card or USB flash drive, for instant portability.

EFI Fiery™ Controller
The optional EFI Fiery™ Controller is ideal for users who need greater control over color management and precise spot color matching.

Flexible Document Distribution
Fast, high-resolution scanning is the starting point for flexible global document distribution.
Cost-Effective Operation
With exceptional productivity, high reliability and low total cost of ownership (TCO), these systems protect your investment.
- Expect maximum uptime and reliability from these systems, which are designed for heavy office workloads.
- Made for cost-conscious users, the Savin C2828/C3333 make it affordable to bring color into your workflow. User authentication lets you control access to color, manage costs and prevent abuse.

Simple and Secure
When you connect the Savin C2828/C3333 to your network, you will discover they are highly secure and extremely easy for administrators to manage.
- Handle a long list of common management tasks remotely. Managers can view detailed system information, network settings and supply status right from a standard Web browser.
- Defend against data interception with encrypted PDF transmission, which encrypts PDF data for Scan-to-Email and Scan-to-Folder applications.
- Restrict access to specific system functions (such as scanning or color copying) with several levels of user authentication.
- Protect confidential data. Use the DataOverwriteSecurity System (DOSS) option to automatically overwrite hard drive data after each copy, scan, fax and print job. Or use optional HDD encryption to protect data even if the hard drive is removed or stolen.

Your Environmental Partner
Savin continues its long-standing commitment to developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising productivity, including:
- Power-Saving Sleep Mode
- Duplex and Combine Copy Modes
- Energy-Saving PxP™ Toner
- Low Noise Levels
- Minimal Ozone Emissions
- Restriction of Hazardous Substances (RoHS) Compliant

Solution Partners
Savin solution partners include all of these organizations, and many more.

Security
User authentication and other security features help protect your documents, your network and the device itself.

Savin continues its long-standing commitment to developing office solutions with environmentally friendly and superior energy- and supply-saving features, without compromising productivity, including:
Versatile, Innovative Color Capabilities

Internal Shift-Sort Tray (Optional)
If no finisher is installed, add the Internal Shift-Sort Tray to collate document sets.

125-Sheet Inner One-Bin Tray (Optional)
Provides a cost-effective way to separate copy output from print and fax output.

Finishers (Optional)
The Savin C2828/C3333 can be equipped with a 500-Sheet or 1,000-Sheet Finisher for traditional stapling, or a 1,000-Sheet Booklet Finisher (shown) that creates professional-quality booklets and offers optional hole-punching.

Paper Trays
Two standard front-loading Paper Trays each hold 550 sheets.

Paper Sources (Optional)
Add an optional Cabinet Stand, 1 x 550-Sheet Paper Bank (Caster Table required), 2 x 550-Sheet Paper Bank (shown) or the 2,000-Sheet Tandem Large Capacity Tray for maximum versatility. All sources accept stocks up to 140 lb. Index.
